SUBJECT: CTRA Monthly Price Sheet

Truck loads need to be at full capacity with each load that goes to the recycling mill. A full load is 42,000 pounds. You have some options as to how the bales are loaded onto the flatbed. See the other flip of this page for an illustration of those options. Also note the bullet points, these will assist you in the process and ensure that things move a bit smoother for you and the driver. If anything is ever problematic then call Rachel Hering, with CTRA, at (512) 577-4439 before the driver leaves. If you are ready to schedule a pick up, please call me at (806) 372-3381.
