Has the junk mail pile gotten so high that you could tunnel through it? We get a lot of paper in the mail; we use a lot of paper in our offices! The good news is that paper is one of the easiest materials to recycle and can be used, recycled, used and recycled several times. Paper can be separated out, with higher quality paper into separate bales than newsprint. Or you can just mix them all together into a mixed paper bale. Prices do vary based on the paper type as you can see below but you do have options for recycling all of that paper! If you are ready to schedule a pick-up, please call or email Daphne at (806) 372-3381 or dmorcom@theprpc.org.
