Swisher County Judge Harold Keeter had held the seat, but sadly the seat now sits vacant. The Planning Commission Bylaws call for this vacancy to be filled by an election of the member cities and counties of the Planning and Service Area. The seat must be filled by a local elected official (city or county) from Briscoe, Castro, Deaf Smith, Parmer, or Swisher Counties. These seats are normally filled on a three-year rotating basis at the PRPC Annual Meeting. However, given the unexpired term, it is important to ensure that PSA 3 is fully represented on the PRPC Board of Directors. The public meeting to make this appointment by elected officials from PSA 3 may be held digitally by virtue of Texas Government Code Sections 551.127 & 418.016. Local government officials from PSA 3 have been notified of this public meeting for the selection of a new PRPC Board Member. Staff has been coordinating with the Dalhart EDC to facilitate occupational training at the post-secondary level at the Frank Phillips College-Dalhart Center in their new Diesel Mechanics Training Center. Mr. John Schaumburg informed the Board of Directors that as stipulated in the agreement between Panhandle Regional Planning Commission and the Commission on State Emergency Communications (CSEC), the Panhandle 9-1-1 Network must establish and accomplish certain goals and objectives. In order to check progress throughout the year, we are required to submit to CSEC a quarterly performance report that includes 9-1-1 call volumes, monitoring results, network outage reports, system testing, and the status of equipment replacement. The following items make up the key points of the FY25 Q1 performance report covering September, October, and November.

- There were 23,053 9-1-1 calls received from the 21 regional call centers of with 17,544 being wireless (76.1 percent).
- Staff monitored Public Service Answering Points (PSAPs) 14 times with no findings.

- There were 11 outages during this quarter.
- The region received 1,709 text messages during this period, with the vast majority as test texts.

Judge John Howard motioned for the PRPC Board of Directors to approve the FY25 Q1 Performance Report as submitted covering the months of September, October, and November. Mayor Tobe Shields seconded the motion; the motion carried by unanimous vote.

10. **BIVINS HEALTHY SENIORS GRANT RECIPIENT**

Ms. Debra King informed the Board of Directors that the Area Agency on Aging of the Panhandle has previously collaborated with the Mary E. Bivins Foundation regarding nutrition program assistance for the Panhandle region. Through this partnership, the Bivins Foundation has gained greater awareness of various events and activities organized by the Area Agency on Aging. They have expressed interest in potentially partnering to co-sponsor some of these events alongside the Area Agency on Aging in the future. In addition to funding received for the Healthy Seniors Grant Program, the Bivins Foundation was interested in supporting the AAA Older Adult Education Program and a proposal was developed to secure funding for the 2025 Older Adult Education events. On December 4, 2024, the Panhandle AAA received notification that the Mary E. Bivins Foundation has awarded a grant to the Panhandle Regional Planning Commission (AAA) as part of the 2024 Healthy Seniors Grant Program. We are excited to notify the PRPC Board of Directors that the Bivins Foundation graciously awarded \$24,700 to support the 2025 Older Adult Education Program. We appreciate the Bivins Foundation for all of their assistance improving the lives of older adults in the Panhandle.

Informational item only, no action was needed.

11. PANHANDLE REGIONAL LAW ENFORCEMENT ACADEMY GRANT APPLICATION RESOLUTION

Ms. Daphne Morcom informed the Board of Directors that state funds for regional law enforcement training programs are authorized under Section 102.056 of the Texas Code of Criminal Procedure and Section 772.006 of the Texas Government Code. The source of these funds is from monies collected through court costs and fees. The Texas Legislature does not have a specific allocation for law enforcement training academies, typically the State Fund 421 funds have been used to support regional law enforcement training programs. Beginning in 2013 CJD asked Councils of Government to submit a 2-year grant rather than a new program application each year. CJD has continued the request for a 2-year grant since 2013. CJD is accepting applications for law enforcement training grant applications for FY 2026-2027 with a submission deadline of February 13th. PRPC is in the process of creating the final application for submittal ahead of the deadline. In reflecting back on recent history, our program funding has remained relatively static for the past nine years.

In previous years we paid for in-service training on a contract hour basis; since 2015 we have taken a new approach where we pay only the proportion of the class costs equal to the percentage of PRPC paid officers in each class. This approach has given us the opportunity to provide more training hours with the funds available. With the 2026-2027 Regional Law Enforcement training application, PRPC has been advised by CJD that the funding amount will mirror the FY 2024-2025 contract. The amount for each year of the 2-year grant period will be \$110,543.00. As has been done for the past many years, the 2026-2027 Panhandle Regional Law Enforcement Training Program would include Basic Law Enforcement Training, In-Service Training and Advanced Specialized Training. Every August, in advance of the new school year, PRPC staff will meet with the staff from Amarillo College to negotiate the annual training contract. AC has operated the Panhandle Regional Law Enforcement Training Academy (PRLEA) for over 50 years that it has existed and the contract has to be renewed each year to account for any changes in tuition costs. PRPC staff will present the 2026 PRLEA contract to you for your consideration later this year at which time we will know how much of a positive impact this funding will have on the level of training services we'll be able to procure in 2026. In order to submit the 2026-2027, grant application to CJD, it must be authorized by the PRPC Board of Directors.

Judge John Howard motioned for the PRPC Board of Directors to favorably approve the resolution which authorizes PRPC staff to submit a grant application to the Criminal Justice Division of the Governor's Office for the continued operation of the Panhandle Regional Law Enforcement Training

Academy for fiscal years 2026 and 2027. The total amount of grant funding requested for the two-year period is \$221,086.00. Mr. Winston Sauls seconded the motion; the motion carried by unanimous vote.

12. SPECIALIZED CRIMINAL JUSTICE GAP TRAINING PROJECT RESOLUTION

Ms. Daphne Morcom informed the Board of Directors that each year, the Office of the Governor's Criminal Justice Division (CJD) contracts with PRPC to facilitate the distribution of funds under the following funding blocks for the Panhandle Region:

- Edward Byrne Justice Assistance Grant (JAG)
- Juvenile Justice & Delinquency Prevention Act (JJDP)
- Victims of Crime Act of 1984 (VOCA)
- Violence Against Women Act of 2013 (VAWA)

On December 16, 2024 the Funding Announcement for these funding blocks was sent to all eligible entities. During our January strategic planning meetings, PRPC is consistently told that more cross-training for all stakeholders in the criminal justice system would be beneficial. Some issues have continued to plague the region and continue to come up at strategic planning meetings and in surveys. Those gaps include domestic violence, mental health and human trafficking. PRPC staff is proposing to address the training needs through the Specialized Criminal Justice Gap Training Project. This project would orchestrate regional training for professionals involved in law enforcement, courts, prosecution, Judges, dispatchers and victim service agencies. PRPC will contract with Amarillo College's Criminal Justice Department to coordinate the regional training event. Amarillo College will secure professional trainers to address the greatest training needs of the region.

Mayor Tobe Shields motioned for the PRPC Board of Directors to favorably consider the resolution which authorizes PRPC staff to submit a grant application to the Criminal Justice Division of the Governor's Office under JAG for the Specialized Criminal Justice Gap Training Project and that the PRPC Board of Directors authorize the PRPC Executive Director to execute a contract with Amarillo College for the delivery of the Specialized Gap Training and Education services upon approval of the grant. Mayor Kerry Symons seconded the motion; the motion carried by unanimous vote.

13. JUSTICE ASSISTANCE GRANT SPECIALIZED GAP TRAINING DELIVERY CONTRACT

Ms. Daphne Morcom informed the Board of Directors that in early 2024, the PRPC applied for funding under the FY25 Edward Byrne Justice Assistance Grant (JAG) grant program from the Office of the Governor's Criminal Justice Division (CJD) to provide training in the Panhandle and was awarded funding on December 12, 2024. The project, which was developed in discussion with the region's stakeholders to identify the gaps that our region faces. The top three gaps found were substance abuse, domestic violence, and mental health. The goal of the project is to improve the way in which stakeholder agencies/organizations work together to address the issues of substance abuse, domestic violence and mental health in the region's criminal justice system. This training, which will be provided at no cost, is intended

for the region's victim services agencies, law enforcement, prosecution, judiciary, emergency 9-1-1 communicators, medical trauma service providers, non-profit agencies, faith-based organizations and other such agencies in the Panhandle that round out our criminal justice system. It's anticipated there will be a high level of interest in the training being provided under this contract and that each of the three courses delivered by Amarillo College will be well-attended.

Mayor Kerry Symons motioned for the PRPC Board of Directors to authorize the PRPC Executive Director to execute a contract with Amarillo College for the delivery of Specialized Gap Training and Education services. Mr. Daniel Jackson seconded the motion; the motion carried by unanimous vote.

14. INTERLOCAL AGREEMENTS FOR ADMINISTRATION OF A HAZARD MITIGATION GRANT

Mr. Cullin Knutson informed the Board of Directors that the Hazard Mitigation Grant Program is a federal program that jurisdictions can only participate in if they have an approved hazard mitigation plan. Currently PRPC staff is working with the majority of the counties in the region to update their hazard mitigation plans. These plans are updated every 5 years. The Hazard Mitigation Grant Program is authorized under Section 404 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act. This grant program allows sub-recipient management costs to be utilized for the administration of the project. These funds are provided at 100% federal cost-share, there is no local match required for the administration costs. We have had several jurisdictions submit a grant application through the Federal Emergency Management Agency (FEMA) Hazard Mitigation Grant Program, which is administered by the Texas Division of Emergency Management (TDEM). Currently the City of Adrian, and City of Pampa have been approved for funding for generators. By installing generators at these locations, the jurisdictions will be working to mitigate known natural hazard vulnerabilities. The Unified Hazard Mitigation Assistance Grant Programs (HMA) provide grants to states and local governments to implement long-term hazard mitigation measures after a major disaster declaration. The purpose of the HMA is to provide a critical opportunity to reduce the loss of life and property due to natural hazards and disasters and to enable mitigation measures to be implemented during the immediate recovery from a disaster. PRPC Staff has helped these jurisdictions write and submit the grant applications and worked on follow-up questions from TDEM and FEMA. PRPC's Regional Services department has been requested to administer these projects, utilizing the administration funds provided by FEMA. Upon approval, the Executive Director will execute the Interlocal Agreement to those jurisdictions that have approved grant applications.

Judge Pat McDowell motioned for the Board of Directors to consider the approval and authorize the Executive Director to execute the Interlocal Agreements for Professional Services from the PRPC's Regional Services Department on the FEMA awarded Hazard Mitigation Grant Projects already funded and those pending, should FEMA award them. Judge John Howard seconded the motion; the motion carried with a unanimous vote.

15. **FY2025 STATE HOMELAND SECURITY PROGRAM APPLICATION RESOLUTIONS**

Ms. Lori Gunn informed the Board of Directors that the FY25 State Homeland Security Program (SHSP) grant application period opened on December 16, 2024. This year's applications are due to the Homeland Security Grants Division of the Governor's Office no later than 5:00 PM on February 13, 2025. The purpose of this grant program is to support local and regional efforts to prevent terrorism and other catastrophic events and to prepare for threats and hazards that pose the greatest risk to public safety. The SHSP plays a significant role in the implementation of the National Preparedness System by providing funding which can be used to build, sustain and deliver core capabilities, critical to achieving the national prepared-ness goal of having a secure and resilient nation. The program has changed rather significantly in the past few years. It used to be that the region would determine how the funds would be used based on an evaluation of needs and priorities. Now, federal spending requirements have to be factored into that determination. In fact, to a certain extent, the federal spending requirements now out-weigh the evaluation of needs and priorities. For FY25, in addition to ensuring that at least 30% of the funding received by the region is spent on Law Enforcement Terrorism Prevention Activities (LETPA); we also have to make sure that at least 3% of the region's FY25 allocation on the is spent on the first three of the National Priority areas.

- 1) Enhancing Community Preparedness & Resilience (at least 3%);
- 2) Protection of Soft Target/Crowded Places (at least 3%);
- 3) Intelligence and Information Sharing & Analysis (at least 3%);
- 4) Combating Domestic Violent Extremism (3% under competitive area);
- 5) Enhancing Election Security (3% under competitive area); and
- 6) Enhancing Cybersecurity (apply under SLCGP).

What makes meeting these federal funding requirements even more challenging is that we do not know how much funding the Panhandle will receive for FY25 nor will we know that until the projects have been funded. Now, for over 10 years, the PRPC has annually applied for funding to maintain four (4) keystone projects that benefit the entire region. They include:

1. The Regional PANCOM Interoperable Public Safety Communications system (which primarily supports the core capability of Operational Communications);
2. The EOP Update Project (which supports the Planning core capability);
3. The Panhandle-Area Regional Information System or PARIS (which chiefly serves the core capability of Public Information & Warning); and
4. The Regional Planning & Coordination Project (which likewise supports the core capability of Planning).

As has been done in previous years, we are also providing you with a brief description of each proposed project below.

1. FY25 Regional PANCOM Maintenance and Operations
This proposal is for a continuation project. As currently proposed, the project will cover approximately 50% of the annual costs of maintaining the PANCOM system.
2. FY25 Regional Planning & Coordination Project
This proposal is for a continuation project. The project is intended to offset the PRPC's costs of administering the regional SHSP program and performing all the planning work required to support the SHSP program in the Panhandle.
3. FY25 EOP Update Project
This proposal is for a continuation project. This project would provide Emergency Operations planning (EOP) assistance to counties/cities in the region, to support the EOP planning process in FY25.
4. FY25 PARIS Maintenance Project

This proposal is for a continuation project. In 2007, SHSP funds were used to purchase 50 licenses to start the Panhandle Area Regional Information System (PARIS) for use by the region's emergency management officials. Since then we have changed vendors but PARIS is still used to support the regional first responders through mutual aid asset inventory and local/ regional mass notification capabilities. It has been determined this project will satisfy the National Priority of Protection of Soft Target/Crowded Places. The deadline for the submission of the FY25 SHSP project applications is February 13th. By approving these resolutions, the Board is not finally approving the funding of these projects. However, you will be asked to consider approving the PREMAC's FY25 SHSP prioritized project list during your meeting in February and these projects will appear on that list.

Mayor Kerry Symons motioned for the PRPC Board of Directors to approve the submission of the five regional projects described with this agenda item to the Homeland Security Division of the Governor's Office for consideration under the FY25 State Homeland Security Grant program by the February 13, 2025 submission deadline. If so approved, the Board's consent will have to be documented with the passage of the attached resolutions. Mr. Winston Sauls seconded the motion; the motion carried by unanimous vote.

16. **OPEN DISCUSSION**

17. **MISCELLANEOUS NON-ACTION INFORMATION ITEMS**

- A. Comments from the Executive Director. We have received one of the plans from the engineers for the chiller. We are currently waiting on plans for the mount for the roof unit. The City of Dumas hosted the Region II TML meeting last week in

Dumas and it went very well. In regards to the responses from our local legislative State representatives, I have not heard back from all of our Representatives about serving on the Board of Directors for PRPC. Ellie Berry with Caroline Fairly's Office stated she would likely be interested but would get back to me. Representative Smithee said he would be willing, but likely will miss many meetings due to his law practice. Representative King and Senator Sparks have not responded, I also sent a new request to them today. Senator Charles Perry stated he would not be able to attend enough due to the distance. Ms. Karen Price has resigned from the board due to other conflicts. We will be holding an election for PSA 5 which represents Childress, Collingsworth, Donley, Gray, Hall, and Wheeler Counties. If you are aware of any potential minority representative that would be willing to serve on our Board from these counties please let us know. We have sent requests to the counties and cities within Hall, Collingsworth, and Gray Counties searching for potential replacements as we do not have any representatives from those counties. The upcoming Texas Association of Regional Councils meetings are February 4-7th. Mayor Tobe Shields represents the PRPC on the TARC Board of Directors. Our next meeting will be February 27th at 1:30 here at PRPC. Thanks to each of you for your attendance today.

ITEM 5

MEMORANDUM

DATE: February 27, 2025

TO: PRPC Board of Directors

FROM: Michael J. Peters, Executive Director

SUBJECT: Agenda Item 5
Establishment of a date, time, and location for a minority citizen election.

BACKGROUND

The PRPC Bylaws state that the Board of Directors shall call one or more meetings of minority citizens during the first quarter of the fiscal year. The place and jurisdictional makeup of the meeting shall be reviewed annually. The meeting or meetings will be held for the purpose of allowing minorities to elect their own representatives to the Board of Directors.

The Board of Directors needs to establish a date, time, and location for an election of minority citizens from Planning and Service Area 5 (Childress, Collingsworth, Donley, Grey, Hall and Wheeler Counties) The PSA - 5 position of Ms. Karen Price is sadly now vacant. We are recommending holding a new election to fill this vacancy on Wednesday, March 5, 2025, at 5:05 p.m. at Pampa City Hall in the 2nd floor conference room. The address is 200 W. Foster Ave, Pampa, TX 79065. This election will be published in all major newspapers serving the above counties. Any interested parties will be added to the ballot at the election and provided to the secretary/treasurer.

RECOMMENDATION

Staff recommends that the Board of Directors approve the above date, time and location for an election of a minority citizen from PSA 5 to serve on the Panhandle Regional Planning Commission Board of Directors.

ITEM 6

Cristy Henderson, Asst. Finance Director

THROUGH: Michael J. Peters, Executive Director

SUBJECT: Agenda Item 6
PRPC Vouchers for the month of January 2025

BACKGROUND

The PRPC vouchers serve as tangible evidence of financial transactions, allowing review of all expenditures. This transparency builds trust and acts as a deterrent against fraudulent activities within our organization by requiring supporting documentation for every expenditure. January Vouchers total \$3,282,409.30.

RECOMMENDATION

Staff recommends that the Board of Directors approve the vouchers for the month of January 2025.

Workforce Development Child Care Curriculum

BACKGROUND

The Texas Workforce Commission (TWC) has contracted with the Panhandle Workforce Development Board (PWDB) / PRPC to utilize the Child Care Quality and Child Care Quality 4% Activities Grants to provide quality improvement activities such as technical assistance, professional development, education materials, learning materials, and outdoor equipment for Texas Panhandle child care providers. The PWDB has tasked its sub-recipient, Workforce Solutions Panhandle (WSP), with assisting local child care providers with maintaining or increasing their Texas Rising Star rating.

The TRS program is a quality-based rating system of child care providers participating in TWC's Subsidized Child Care program. TRS certification is available to licensed and registered facilities that exceed the State's minimum child care regulation standards and meet the certification criteria in such categories as director and staff qualifications, caregiver-child interactions, age-appropriate curricula, learning materials and outdoor equipment. There is an increasing underscoring for the need of curricula and lesson plans designed to reflect variations in children's needs, skills, and interests in flexible ways. Workforce Development staff has identified our local child care providers' lack of a comprehensive, research-based, and validated curricula as a substantial barrier in these providers' ability to achieve increased TRS ratings and provide a truly educational early learning environment.

Through an application process, providers have requested curriculum. Workforce Solutions reviewed applications, previous purchases for the provider, TRS Status, and onboarding status, to select appropriate purchases.

For FY2025 a Child Care Quality Budget of \$1.138 million dollars has been presented and accepted by the Child Care Advisory Committee. This purchase has been presented to the PWDB and the board has voted to approve this purchase, therefore PWDB, with PRPC, proposes to make purchases at this time, for providers in the TRS

program and onboarding to the TRS program requesting the Frog Street curriculum, giving these providers the benefit of updating and improving the learning environments as TRS-certified programs.

ITEM 11

MEMORANDUM

DATE: February 27, 2025

TO: PRPC Board of Directors

FROM: John Schaumburg, Regional 9-1-1 Director

THROUGH: Michael J. Peters, Executive Director

SUBJECT: Agenda Item 11
Regional 9-1-1 Multiprotocol Label Switching Network Upgrade

BACKGROUND

The Panhandle Regional 9-1-1 Network has been upgrading Multiprotocol Label Switching (MPLS) circuits at all of the PSAPs throughout the Texas Panhandle. Due to the fact that most telecommunications vendors no longer allow new orders over the outdated copper infrastructure, the companies require new MPLS circuits to move through optical fiber. We placed the order with the Texas Department of Information Resources (DIR) and AT&T in October, and have currently completed circuit upgrades on 9 of the 22 locations, and have pending dates for the remaining sites.

As site visits have been completed, AT&T, has returned with some unexpected and unquoted special construction costs. One of the sites, Lipscomb County Sheriff's Office, is requiring an unexpected buildout cost of more than a million dollars. Additionally, Oldham County Sheriff's Office and Castro County Sheriff's Offices have been given additional buildout costs. The Commission on State Emergency Communications (CSEC) is currently working with the AT&T and DIR administration to remedy these added costs.

The Panhandle Regional 9-1-1 Network is currently pursuing other options to remedy the situation if AT&T is incapable of removing the special construction costs. Another vendor, Windstream Enterprise has provided a more affordable DIR contract quote for the Lipscomb County Sheriff's Office with a monthly recurring cost of \$207.10, and a special construction buildout of \$39,779.00. In order to make this function properly, an MPLS circuit must be added at the PSAP and the host in order to allow 9-1-1 functionality. Windstream has quoted a 50 Mbps circuit at the Pampa host for the monthly recurring cost of \$522.00 and no special construction. We are waiting for official pricing from Windstream on the additional two sites but they have tentatively quoted no construction and lower monthly rates under a DIR contract. If AT&T cannot provide reasonable construction cost, then CSEC has granted us funding availability to pursue the contracts with Windstream.

RECOMMENDATION:

Staff recommends the Board of Directors authorize the Executive Director to enter into contracts for MPLS circuits at the four public safety answering points, and the special construction cost for the Lipscomb County Sheriff's Office, contingent upon necessity.

FROM: John Schaumburg, Regional 9-1-1 Director

THROUGH: Michael J. Peters, Executive Director

SUBJECT: Agenda Item 12
Regional 9-1-1 Network Interlocal Agreements for E9-1-1 Service and
Public Safety Answering Point Equipment

BACKGROUND

A requirement of the Commission on State Emergency Communications (CSEC) is to maintain interlocal contracts between the Texas Councils of Government and the agencies responsible for each 9-1-1 PSAP or Public Safety Answering Point.

The interlocal agreements explain the requirements of both the PRPC and the agency responsible for the PSAP. These contracts renew in conjunction with the State's fiscal biennium. This new two-year cycle begins September 1st, 2025. As we are nearing a new funding cycle, the old contracts will soon expire and we have begun the process of renewing these agreements with the 21 cities or counties that are responsible for operating the program's 9-1-1 call taking centers. The only change to the agreements will be to renew the term of the document to expire with the next biennium or August 31st of 2027 in Article 12 page 7. Attached you will find a sample resolution and interlocal agreement for the City of Pampa.

RECOMMENDATION:

Staff recommends the PRPC Board of Directors authorize the Executive Director to execute interlocal agreements for 9-1-1 service and call handling equipment with each of the 21 regional cities or counties operating 9-1-1 PSAPs.

SUBJECT: Agenda Item 14
Regional 9-1-1 Call Handling Equipment (CHE) Software Support
Renewal

BACKGROUND

Since 2009, the Panhandle Regional Planning Commission has maintained contract services for software support, telephone support and antivirus updates from Intrado Life & Safety Solutions Corporation. The existing contract expires on April 30th, 2025. The 9-1-1 network will be changing equipment vendors in the upcoming months, so the HGAC-Buy Contract #EC07-23 pricing was prorated for six months costing a total of \$58,797.00. Intrado has agreed to bill PRPC monthly, and as PSAPs transition to the new equipment vendor, they will be removed from the following month's bill.

If we choose to maintain this support contract, it allows newer software versions at no additional cost. Typically, the best benefit of this service is to correct any software issues that may develop and to future-proof the technology.

This contract also provides a 24/7 support hotline to remedy any issues that staff or the local technicians cannot immediately solve. The help desk has the ability to troubleshoot at a much higher level with access to system engineers and software developers.

Lastly, the maintenance contract provides mailed antivirus updates for all computers and servers, as the 9-1-1 network is restricted from the internet.

RECOMMENDATION:

Staff recommends the Board of Directors authorize the Executive Director to enter into contract for maintenance renewal with Intrado Life & Safety Solutions Corporation for the 6 months covering April 1st through September 30th, 2025.

MEMORANDUM

TO: PRPC Board of Directors

FROM: Alex D. Guerrero, Local Government Services Director

THROUGH: Michael J. Peters, Executive Director

SUBJECT: Agenda Item 15
Local Government Services Local Project Management Services
Interlocal Contracts – Texas Parks and Wildlife

BACKGROUND

For over twenty years, PRPC Staff has assisted cities with the development of Master Parks Plans and applications to Texas Parks & Wildlife under their available recreation grant programs. This past year, PRPC Staff assisted three communities in building applications through Texas Parks & Wildlife Department's Local Parks grant programs. Staff has been notified that the City of Perryton, Spearman and Stinnett have been selected for funding.

The City of Perryton sought assistance from the Local Government Services (LGS) Department to apply for funding under the Small Community Grant Program for the rebuild of Murphy Park's baseball and soccer fields, which were destroyed in the June 15, 2023, tornado. The City was awarded \$150,000, requiring a 1:1 match, to furnish and install new baseball and soccer fields. Perryton has also requested that PRPC be contracted through an interlocal agreement to provide project administration, with \$30,000 allocated for administrative services.

Additionally, LGS staff worked with the City of Spearman to apply for funding under the Small Community Grant Program to acquire inclusive and accessible playground equipment to serve children with disabilities. The City was awarded \$150,000 in grant funding and has requested PRPC's administrative services for this project for \$10,000.

Finally, LGS assisted the City of Stinnett in developing an application under the Small Community Grant Program to support the purchase and installation of new playground equipment and benches. The City was awarded \$37,500 for the project and has requested PRPC's administrative support for a sum of \$7,000.

Project Administration for Texas Parks & Wildlife grants entails the following responsibilities for PRPC Staff:

1. Preparation of all reporting documentation
2. Service as point of contact
3. Preparation and submission of newspaper postings

4. Preparation of fund reimbursement documentation
5. Completion of all Environmental Review Requirements
6. Assistance with bid openings
7. Assistance with project close-out

All of these park projects will be highly beneficial to the residents of the Texas Panhandle as they make significant improvements to park facilities and increase the recreation diversity offered within each of the communities. The project administration capacity of PRPC staff aligns very well with the local needs associated with implementing of these projects.

RECOMMENDATION:

PRPC staff recommends that the Board of Directors authorize the Executive Director of the PRPC to execute three respective Interlocal Cooperation Contracts between the above-mentioned cities and for the PRPC to provide Project Administration Services for their Texas Parks & Wildlife grant funded projects.

SUBJECT: Agenda Item 16
Local Government Services TxCDBG 2025 Downtown Revitalization Program – Interlocal Agreements for Application Development Services

BACKGROUND

PRPC Staff has worked with Panhandle communities to write applications and implement various projects through the Community Development Block Grant (TxCDBG) Program since 1983. Through the CDBG program the Texas Department of Agriculture (TDA) offers different funding opportunities that include: Community Development Fund Program; State Urgent Need (SUN) disaster relief and the Downtown Revitalization Program.

The Downtown Revitalization Program (DRP) aims to eliminate slum and blight conditions in downtown areas by funding public infrastructure improvements within a community's downtown district, economic commerce area and areas around city squares primarily serving non-governmental buildings. Several cities have already expressed interest in applying for funding to improve blighted conditions through infrastructure upgrades in their downtown areas.

For the 2025 DRP funding cycle, key changes include:

- Increased maximum grant award from \$750,000 to \$1,000,000.
- Continuation of the two-phased application process.
- Eligibility limited to communities within the state's allocation range for the DRP/Main Street Set-Aside Program (2025 Statewide Allocation: ~\$8-10 million).
- Expanded eligible activities for communities with a low-to-moderate income (LMI) percentage above 51%.

Following the format that has become the new standard for TxCDBG applications; an interlocal agreement has been developed for PRPC to assist communities with an application to the Downtown Revitalization Program. In order to comply with TDA requirements as well as maintain the long-established tradition of conducting application development at no charge to communities in the region, the interlocal agreement is two parts:

Part 1 - Application development will be conducted at no cost.

Part 2 – An option to for an Amendment to be consider contingent upon funding for Project Management Services.

Historically, these are all activities conducted by PRPC Staff on projects and applications. However, in order to comply with TDA requirements it is necessary for the below cities to enter into an interlocal agreement with PRPC for application development activities to ensure programmatic compliance. Communities applying to the Downtown Revitalization Program for 2025 include the following: Memphis, Clarendon, Miami, Quitaque, Childress and Hart.

RECOMMENDATION:

PRPC staff recommends that the Board of Directors authorize the Executive Director of the PRPC to execute an Interlocal Cooperation Contract between the above noted communities respectively and the PRPC to provide TxCDBG Downtown Revitalization application services at no cost with contingency for administrative services to be amended at the localities' discretion if their project is funded.

MEMORANDUM

THROUGH: Michael J. Peters, Executive Director
SUBJECT: Agenda Item 17
Panhandle Regional Breaching Training Project Resolution

BACKGROUND:

Each year, the Office of the Governor's Criminal Justice Division (CJD) contracts with PRPC to facilitate the distribution of funds under the following funding blocks for the Panhandle Region:

- Edward Byrne Justice Assistance Grant (JAG)
- Juvenile Justice & Delinquency Prevention Act (JJDP)
- Victims of Crime Act of 1984 (VOCA)
- Violence Against Women Act of 2013 (VAWA)

On December 16, 2024 the funding announcement for these funding blocks was sent to all eligible entities. During stakeholder and strategic planning meetings, the need for breaching training doors, training on how to breach the doors, and use of the breaching tools has come up numerous times during meetings. PRPC staff is proposing to address this particular regional training need for our law enforcement officers through the Panhandle Regional Breaching Training Project. PRPC will contract with Amarillo College's Criminal Justice Department to coordinate the purchase of the breaching training doors and breaching tools to add to the Panhandle Regional Law Enforcement Academy In-Service training program. Amarillo College will also secure professional trainers to provide the necessary training for breaching doors.

Attached for your consideration is a resolution, which if approved by the Board, will allow PRPC staff to continue working with CJD on this grant application.

RECOMMENDATION:

PRPC staff recommends that the PRPC Board of Directors favorably consider the attached resolution which authorizes PRPC staff to submit a grant application to the Criminal Justice Division of the Governor's Office under JAG for the Panhandle Regional Breaching Training Project. PRPC staff also recommends that the PRPC Board of Directors authorize the PRPC Executive Director to execute a contract with Amarillo College for the delivery of the Panhandle Regional Breaching Training Project services upon approval of the grant.

SUBJECT: Agenda Item 18
Regional Services Panhandle Regional Interoperable
Communications System (PANCOM) Tower Interlocal Agreement

BACKGROUND:

Once again, the PRPC received funding under the Statewide Emergency Radio Infrastructure grant program to build four new PANCOM Towers. In our original grant application, we proposed to replace the two most expensive leased sites in the PANCOM system with PRPC-owned towers as a means of reducing the system's annual operating budget. So, we're now working to replace a tower in Briscoe County and another in Hall County.

The grant does not allow purchase of land and we'd planned on purchasing the sites we need with the funding we receive from the Panhandle's cities and counties as part of our annual Fair Share Contribution request. However, in the case of the Briscoe County tower, we've been given the opportunity to build a tower on land owned by Briscoe County that happens to be inside the city limits of Silverton.

The County will graciously allow us to put our tower on their land at no cost and we've offered to do the following in exchange:

1. At our expense, PRPC will transfer the radio equipment the City of Silverton and/or Briscoe County is actively operating on a leased tower to the new tower.
2. PRPC will provide backup power and security fencing around the property.
3. PRPC will run electrical power to this new tower and would be responsible for paying all recurring utility costs.
4. PRPC will be responsible for ensuring the tower is kept appropriately insured and well-maintained.

Attached for your review is an interlocal agreement (ILA) between PRPC and Briscoe County which if approved by both parties, will allow us to move forward with building a new tower on the County's land. The Briscoe County Commissioners Court has already approved the ILA. PRPC staff is recommending the PRPC Board of Directors approve this agreement.

RECOMMENDATIONS:

PRPC staff recommends the PRPC Board of Directors authorize the execution of the attached interlocal agreement with Briscoe County which will enable the PRPC to build a new PANCOM tower on County-owned land.

Regional Services Tornado Safe Room Rebate Program Application

BACKGROUND

The Hazard Mitigation Grant Program (HMGP) provides grants to States and local governments to implement long-term hazard mitigation measures after a major disaster declaration. Authorized under Section 404 of the Stafford Act and administered by the Federal Emergency Management Agency (FEMA), the HMGP was created to reduce the loss of life and property due to natural disasters. The program enables mitigation measures in the aftermath of a disaster and is activated when the president declares a disaster. The amount of dollars available for mitigation equals 15 percent of the amount FEMA spends to assist disaster survivors and communities in the recovery process.

Since 2006, the PRPC has received over \$7 million through the HMGP to support the implementation of the Regional Residential Safe Room Rebate Program. The rebate program provides residents up to 50% of the cost of installing a tornado shelter in their home in an amount not to exceed \$3,000. Over the past 12 years, nearly 3,000 shelters have been installed in homes throughout the Texas Panhandle as a result of this program.

On July 9, 2024, a federal disaster declaration was issued in response to Hurricane Beryl. This disaster has been designated by FEMA as DR-4798. On May 17, 2024, a federal disaster declaration was issued in response to the Texas Severe Storms and Straight-line Winds, Tornadoes and Flooding. This disaster was designated by FEMA as DR-4781. In both DRs Federal funding coming to the State will be used to assist with the recovery efforts; with 15% moved for availability of for HMGP projects. While the jurisdictions in the disaster's impact area will be given priority for this funding, any jurisdiction in Texas with a FEMA-approved hazard mitigation plan is eligible to apply for these funds.

The Texas Division of Emergency Management (TDEM) administers the HMGP grant program in Texas. PRPC plans to submit an application under both DR-4798 and DR-4781 to TDEM for funding to continue the Regional Residential Safe Room Program.

The rebate program continues to be extremely popular in the Panhandle region and it has always been operated on a first come, first served basis.

There are no eligibility requirements for residents to participate in the program other than owning the home in which the shelter is to be installed, not lying within a flood plain, and having the means to pay for the shelter costs not covered by the FEMA grant.

With this latest application, the PRPC is requesting around \$1.5 million in either DR-4781 or DR-4798 for funding to install at least 500 more shelters in homes across the Panhandle. Typically, the HMGP requires a 25% match by the grantee but that is not the case with the Individual Safe Rooms projects. No match would be required of the PRPC; instead the match will be met by the residents who are receiving the shelter rebates.

All-in-all, the shelter program has been extremely beneficial to the Panhandle region and we're hopeful it will continue to be so in the future.

RECOMMENDATION:

PRPC staff recommends that the PRPC Board of Directors authorize, by resolution, the submission of a Hazard Mitigation Grant Program application to TDEM/FEMA under DR-4798 and DR-4781 for funding to continue the operation of the Panhandle Regional Residential Safe Room Rebate Program.

SUBJECT: Agenda Item 20
Regional Services FY25 State Homeland Security Program Project
Prioritization Approval

BACKGROUND

On February 20th, the Panhandle Regional Emergency Management Advisory Committee (PREMAC) met to evaluate the State Homeland Security Program (SHSP) proposals submitted for consideration under the Panhandle's FY25 SHSP grant program. In total, the PREMAC will evaluate seven applications.

The application evaluation and ranking process the PREMAC predominantly follows is a Risk-Informed Methodology (RIM), the committee developed at the start of the grant year. The RIM acts as a guide for the PREMAC in prioritizing projects deemed to be of highest value to improving the region's ability to prevent, prepare, and/or respond to hazards most apt to impact the Panhandle. This year, the PREMAC will follow the RIM with the caveat that the National Priority Areas are considered as well as meeting the minimum LETPA percentage of 35%. LETPA projects or Law Enforcement Terrorism Prevention Activities has a narrow number of project options.

For FY25, we have 6 National Priority Areas (NPA), only 3 of these have a regional required percentage attached to them. The NPA and their respective percentage include:

- Enhancing Community Preparedness & Resilience (at least 3%);
- Protection of Soft Target/Crowded Places (at least 3%);
- Intelligence and Information Sharing & Analysis (at least 3%);
- Combating Domestic Violent Extremism (3% under competitive area);
- Enhancing Election Security (3% under competitive area); and
- Enhancing Cybersecurity (apply under SLCGP).

In practice, the introduction of these federal priorities has added a layer of complexity for the region and somewhat undermined the value of the RIM. In prioritizing projects, the PREMAC must now first consider if the NPAs are properly represented and then as a secondary consideration work to tack on those projects of greatest concern to the region.

As you are aware, there has been a change in administration at the federal level. Which could have a downstream effect on National Priority Areas for us at the local level. The Office of the Governor's, Homeland Security Grant Division (HSGD) has advised planners across the state to operate with the same six NPAs mentioned above. In review of the NPAs from this administration's previous time in office, they are very similar to the current NPAs. As such the HSGD believes that we will be able to still fit projects in should a change occur because they believe it will be minimal. Unfortunately, the Department of Homeland Security will not release the Notice of Fund Availability to the states until well after applications are submitted and this body approves the priority list. So, we will move forward as planned.

Also, at play, is a moving target in terms of a deadline for submission of priority lists. The Department of Homeland Security requires a 14-day turnaround once the HSGD batches applications to the COGs. In an effort to allow the PREMAC and this Board to review and approve the prioritization, as well as prevent missing the deadline, we will have the PREMAC meet after applications are submitted. The prioritization list will be presented at the Board Meeting.

The seven projects that will be reviewed by the PREMAC are summarized as follows (in no particular order):

1. FY25 Regional PANCOS M&O Project

This project covers approximately 52% of the cost of maintaining the regional public safety radio system – PANCOS in this next fiscal year. The balance of funding will be paid with 911 funding (26.5%) and local Fair Share contributions (21.5%).

2. FY25 Non-EMPG Emergency Operations Plan Update Project

This project will enable PRPC staff to continue working with the Panhandle counties to assist them with the maintenance of their local Emergency Operations Plans.

3. FY25 PARIS Maintenance Project

PRPC will maintain the PARIS license for the region. The PARIS system provides local emergency management officials with a variety of applications, including Mass Notification, that support their operations.

4. FY25 Regional Planning & Coordination Project

This project supports the overall operation of the regional preparedness program; starting with the pre-program year planning through the oversight of the implementation of projects funded under the SHSP. In our case, the project also includes the conduct of the annual regional preparedness conference.

5. FY25 Amarillo Community Emergency Response Team (CERT) Enhancement Project

This project builds upon a previous project funded in FY23 when Community Preparedness and Resilience was a new national priority area with a minimum required percentage for each region. With this update, the Amarillo Community Emergency Response Team (CERT) enhancement project will provide needed equipment and supplies for the CERT members when they deploy into the field

following an incident. As a trained volunteer team, the CERT members can assist first responders following an incident through basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations. The Amarillo OEM offers CERT training to volunteers across the region.

6. FY25 Amarillo Regional Bomb Squad Enhancement Project

This project covers the purchase of a new x-ray device for use in the field by the Regional Bomb Squad as they clear an area for potential bomb threats. The x-ray device is easily transportable with the bomb team for on-site ahead of public events, if a bomb threat is made or after an incident occurs.

7. FY25 Amarillo Regional Crime Center

This project is for the purchase of state-of-the-art cameras across the City of Amarillo. The project will initially place the fish eye, bullet cameras or point to zoom cameras at intersections of high traffic and high crime areas of the city. The new cameras offer AI to increase the speed with which law enforcement can search across the cameras footage for potential suspects or even missing persons. The Amarillo Regional Crime Center offer jurisdictions across the region to both share and gather information amongst law enforcement across technology type.

In conclusion, considering all the different nuances in play the PREMAC's prioritization list will be provided to the Board of Directors at the meeting on February 27th. As with recent years, the PREMAC will develop an if/then set of scenarios to give you as well as the Office of the Governor's, Homeland Security Grant Division an idea of how they would like to see the region's funding allocated across the seven projects submitted depending upon the funding level the region should receive.

RECOMMENDATION:

PRPC staff recommends the Board consider approving the FY25 State Homeland Security Program project prioritizations recommended by the Panhandle Regional Emergency Management Advisory Committee for submission to the Homeland Security Grant Division of the Governor's Office by the prioritization deadline.

SUBJECT: Agenda Item 21
Regional Services Regional Solid Waste Grants Program Update

BACKGROUND

Under Section 361.014 of the Health and Safety Code the Texas Commission on Environmental Quality (TCEQ) sends roughly one-third (1/3) of the tipping fees received from landfills around the state to go towards local and regional solid waste projects that are consistent with the municipal solid waste geographic planning regions for use by local governments and regional planning commissions. Each region must produce a biennial report to the legislature detailing how the revenue is spent. Each of the 24 Councils of Government have compiled a combined report each biennium to the legislature. H-GAC graciously compiles the report on behalf of all the COGs and Texas Association of Regional Councils (TARC) and delivers the report to our legislators.

The most recent legislative report was completed for fiscal years 2022/2023. All of the legislative reports since 2010/2011 can be found at: <https://txregionalcouncil.org/regional-programs/municipal-solid-waste/>.

In recent years, the highlights across the State of Texas have been household hazardous waste, illegal dumping, recycling and scrap tires. The Regional Solid Waste Grants Program is an important program across the state. It has provided crucial funding for projects that protect the environment, safeguard the health of residents, general welfare and physical property. The appropriation of these funds is how the Panhandle Environmental Partnership or PEP was established in 1996 and continues to divert materials from our region's landfills daily. Within our 26 counties, we regularly see cardboard (OCC), office paper, mixed paper, plastics, scrap metal, scrap tires and used motor oil get recycled.

This agenda item is to highlight that the funds are accomplishing less and less over the years. Attached with this agenda item are some snapshots to illustrate the state's amount of diversion. Also included in the attachment are solid waste legislative bills that are currently being submitted to the 89th legislature for your review.

RECOMMENDATION:

This agenda item is informational only, no action needed.

FROM: Michael J. Peters, Executive Director

SUBJECT: Agenda Item 22
PRPC Texas Association of Regional Councils Legislative Updates

BACKGROUND

PRPC Staff attended the Texas Association of Councils (TARC) Bi-Annual Staff Training and Board of Directors Meeting this month in Austin, Texas. The Texas Panhandle is well represented on the Board of Directors by Tobe Shields, the Mayor of Spearman. As we are in the 89th Legislature's regular session that began on January 14th and runs through June 2nd until they call special sessions, there have been many bills that are introduced that TARC staff provided for our review. These bills may affect councils of governments, municipalities, or county government. The topics range from general appropriations, economic development, emergency communications, environmental quality, health and human services, political subdivisions, transportation and water.

As we continue through the legislative session we want to provide this information to the leadership within the Texas Panhandle to allow you time to make comments to our local leaders related to any possible new legislative actions that have any impact to our region. Please find the attached Bill Tracking Summary that outlines many of the current proposed Texas Bills and a brief summary of each.
