

AMERICA RECYCLES DAY

NOVEMBER 15

PEP RALLY!

Texas Recycles Day and America Recycles Day are celebrated on November 15th each year. What is your community doing? You can host a volunteer clean-up of your neighborhood, park, school ground or even the entire city. Enjoy the great outdoors while celebrating the beauty in your city. If you are holding an event, please tell PRPC about it! We can feature your event in the PEP Rally! During fiscal year 2024 the PEP members diverted over 10,414 tons of material from our landfills! Our top recycling community was the City of Canadian and our top composting community was the City of Borger! I appreciate everyone's efforts in recycling!

Let's keep the momentum going for fiscal year 2025 by initiating or enhancing projects in your community. For additional information, call Daphne with PRPC at (806) 372-3381.
